400L Twin Skinned Self Bunded Oil Tank

April 2026

The 75460 400L Twin Skinned Self Bunded Oil Tank consists of an internal HDPE tank surrounded by an integrated galvanised sheet steel bund.

The rigidly connected foot pallet facilitates ease of moving & repositioning in the workshop or production facility without causing damage to the tank.

Ideal for installation in water protection areas without a bund & for use indoors.

SPECIFICATIONS, FEATURES & BENEFITS

- Suitable for the storage of fresh oil, waste oil & diesel fuel
- Low centre of gravity for stability & ease of handling
- Integrated pallet for driving under with a forklift or hand forklift from any of the four sides
