Alemlube Automotive Premium Heavy Duty Mobile Wireless Column Lifts - 8.5t per column

August 2024

The Alemlube Automotive Premium Mobile Wireless Column Lifts offer an impressive 8.5-tonne capacity per column at a great value.

Battery-operated with wireless control, these lifts eliminate the need for power cords, creating a safer and more organised workspace. The system includes onboard battery chargers, adjustable forks ranging from 166mm to 550mm for quick setup, and a built-in hydraulic wheel kit for easy mobility. The user-friendly control panel features an LCD colour touch screen, allowing operation in single, double, or all modes, depending on your needs. With a lifting time of 90 seconds and a lowering time of 80 seconds, these lifts ensure fast workflows. Available in configurations from 4 to 16 columns, they are suitable for various workshop sizes. CE-approved and registered with Australian Worksafe (WSV-0150622518), these lifts meet high safety standards. A 30-month extended warranty is included when supplied, installed, commissioned, and serviced by the Alemlube team.
